## SUMMARY

Software Engineer with extensive experience in software development across diverse roles. Led teams in designing and implementing high-quality software solutions, enhancing product functionality and user experience. Mentored junior engineers, fostering collaboration and continuous learning.

## EXPERIENCE

Senior Software Engineer, Scaleforge, June 2024 - Current

- Led a team of software developers in designing, implementing, and maintaining complex software solutions, enhancing product functionality and user experience in wallet integrations and backoffice solutions.
- Supported a team of frontend developers, designers, quality analysts, and backend developers in managing cabinet machine software using C# and Typescript.
- Contributed to product management and software development efforts.
- Mentored junior software engineers, providing guidance on coding standards, best practices, and professional development.

Software Engineer, Whitecloak Technologies Inc., August 2021 - June 2024

- Developed and implemented software applications using Typescript, enhancing user satisfaction for our AI art social media marketplace.
- Collaborated with cross-functional teams to identify system requirements, improving software functionality and user experience.
- Optimised existing software systems, achieving a notable improvement in performance and reliability.
- Applied expert problem-solving skills to tackle complex software challenges, maintaining high standards of quality and innovation.

Planning Engineer, Visayan Electric, October 2018 - August 2021

- Assisted in the development of applications using AppSheet and supported electrical engineering projects.
- Applied advanced spreadsheet skills for project planning and execution.
- Facilitated data management using PostgreSQL and Google Sheets.

## SKILLS

- JavaScript and TypeScript
- React and Node.js
- NestJS and Next.js
- C# and Java development
- Database management: PostgreSQL, MongoDB, Neo4j, Redis
- Version control: Git, GitHub, GitLab
- Cloud services: AWS, Terraform
- Architectural patterns: Clean architecture, microservices
- API development: GraphQL, REST
- Team leadership

## CERTIFICATIONS

- [Amazon Web Services Cloud Practitioner Certification](#)
- MongoDB: [M001](#), [M121](#) (Aggregation Framework)
- [Certificate of Completion \(WC Academy\) with Distinction](#)

## EDUCATION

Bachelor's Degree in Electrical Engineering, Bohol Island State University, Tagbilaran City 2018

- Cum Laude
- [Topnotcher, REE Board Exam, 6th Place, 2018, PRC Board](#)
- [Topnotcher, RME Board Exam, 3rd Place, 2018, PRC Board](#)
